https://www.linkedin.com/in/nicolas-ha/

Specific skills

Engineering ▪ reliability, architecture design, technical mentoring, documentation

Backend ▪ Clojure expert (10 years), Node.js, distributed systems

Data ▪ message queues (RabbitMQ, Kafka), databases (FoundationDB, ElasticSearch, PostgreSQL)

AI ▪ proficient with LLM workflows, built local semantic search RAG

Frontend ▪ JS/TS. Built several SPAs from scratch and contributed to complex codebases

DevOps ▪ CI/CD, monitoring, incident response

Languages ▪ **French: native, English: bilingual**, German and Spanish: basic knowledge

Career and achievements

2025 (*7 months)*
Narval (Web3) Paris ▪ NestJS, PostgreSQL
Built Web3 connector connecting institutional custodians to DeFi protocols on Ethereum.

2022 - 2025: (3 *years)*
Griffin Bank (BaaS) London ▪ Clojure, FoundationDB
Built platform features from scratch supporting a banking licence approval across multiple teams

2019 - 2022: (3 *years)*
TurtleQueue (SaaS) London ▪ Founder
Solo founder: launched a pulsar-compatible message broker startup from scratch.

2016 - 2019: (*3 years)*
MailOnline (Media), London ▪ Clojure, Node.js, RabbitMQ, ElasticSearch, Redis, Oracle, Zookeeper
Led backend team of senior developers, scaling to 1.3B views/month.

2015 – 2016: *(11 months)*
Go Find It (Startup mobile apps), Paris ▪ Node.js, React.js, mongoDB, Stylus
Developed a full-stack mobile CMS (backend, frontend, database and operations)

2014: *(6 months)*
Apizee (Startup web telecommunications), France ▪ Node.js, socket.io, Redis, AWS, webRTC
Delivered prize-winning webRTC to RCS connectors. Presented in Barcelona MWC on HP's booth.

2012: *(2 months)*
Siléane (Robotics SMB), France ▪ C#, WPF, KinectSDK
Delivered a natural robotic arm controller. Very positive feedback from the CEO and CTO.

2010: *(3 months)*
Dassault Aviation (equipments division), France ▪ LabView
Delivered a debugging bench for avionics circuit boards (hardware choice, code and installation).

Education

2011 - 2014:
Master's degree at the ENSSAT in Lannion ▪ a highly selective French state graduate school
Student representative. Ranked 3rd of the class. Erasmus exchange in the TH Rosenheim (Germany).

2010 – 2011:
Bachelor of Engineering in Electronic and Computer Engineering
from Edinburgh Napier University. Class medal winner.
